## **FARM SYSTEM OPERATIONS — TURKEY CREEK, WILLCOX, AZ**

DESCRIPTION: Riverview, LLP is an agribusiness based in Morris, Minnesota with farms in Arizona, Minnesota, Nebraska, New Mexico and South Dakota. We are involved in beef, crops, construction and dairy. We are currently looking to add a full-time Farm System Operations position for our Turkey Creek location near Willcox, AZ.

Turkey Creek will be a new facility with construction starting in September 2018. There will be 12,000 hutch calves and 9,000 dairy cows with a milk mixing center for baby calves, rotary milking parlor, flush manure system, and 35 pieces of rolling stock. In this system, communication and synergies between all systems will be critical to health and production of the animals. This provides a unique opportunity to preserve the good condition and functionality of our farm and perform a variety of maintenance responsibilities.

### **RESPONSIBILITIES:**

- Assist vendors with scheduling service, repairs, and projects
- Work directly with farm maintenance team to accomplish daily tasks
- Utilize Fiix software program
- Maintain organized work space/shop
- Clear line of communication with farm leads and managers
- Perform manual repairs (pumps, milking parlor, etc.)
- Focus on cost of production
- All of these responsibilities will be done with SAFETY as a top priority

### **REQUIREMENTS:**

- Bilingual in Spanish and English
- 3+ years of experience in maintenance or mechanical operations, including maintenance software systems
- Working knowledge of tools, common appliances and devices
- Performs direct manual labor to ensure optimal performance of equipment
- Machinery operation experience (payloader, telehandler, skid loaders, etc.)
- Calm demeanor - cool under pressure

- Accuracy and extreme attention to detail
- Persistent: Demonstrates willingness to get something done

Starting salary based on experience and ability

Position based in Willcox, AZ
